## Sheffield Choice Plus Series

- Hand made in Sheffield by skilled craftsmen
- Full tang, triple rivet handle
- Lifetime guarantee

Sheffield Choice Plus knives are equally at home in the modern or traditional kitchen.

The blades, made from a single piece of high carbon stainless steel, are precision ground to provide excellent strength, flexibility and lasting sharpness.

The handles are shaped to fit perfectly in the hand, the endstop preventing the knife from accidentally slipping. Each is secured with three solid brass rivets and hand finished by Sheffield craftsmen in the same tradition as they have been for generations.

taylor's  
eye witness since 1838

Taylor's Eye Witness was founded by John Taylor in the early part of the 19th Century. They have stood the test of time through an unrelenting dedication to quality, service and good old fashioned technical know-how in the design and production of kitchen knives and scissors. What they don't know about knives isn't worth knowing!
